

**PATRIOTIC P. E. O.**

**MAKES AND SENDS 236 POUNDS OF CLOTHING TO BELGIANS AND BUYS LIBERTY BOND**

Chapter A. H. of the P. E. O. held its first regular meeting at the home of Mrs. Abby Barker, Friday, October 11th.

The meeting was called to order by the president, Mrs. Greta Lynch, the usual order of business was transacted, and reports of various committees were made. The program committee gave an outline for an interesting program for the coming year.

The relief committee submitted a report of work done and delivered since July 1st, 1918, as represented by the following inventory

- 15 large comforters
- 12 small comforters
- 2 blankets
- 17 flannelette baby gowns
- 12 baby dresses
- 16 jackets
- 9 vests
- 19 girls' dresses
- 14 girls' petticoats
- 8 baby Gertrudes
- 15 boys' waists and pants, complete
- 22 pairs of booties
- 3 baby caps
- 6 knitted baby hoods
- 3 heavy coats

Total, 236 pounds for Belgian relief.

The question of the purchase by the Chapter of a Liberty Bond was discussed and on motion there was a unanimous vote to buy a bond.

There being no further business, the Chapter adjourned.

**LUNCHEON FOR MRS. PUFFER**

Mrs. Frank Ayars of Chestnut street gave a very delightful four-course luncheon Friday in honor of Mrs. Roscoe Puffer, who is going to Chicago next Wednesday to visit her mother, whom she has not seen for a number of years. Her father passed away a few months ago, but Mrs. Puffer was not able at that time to make the journey. She will be gone for several months. The guest list included a few of her more intimate friends, viz., Mrs. Chauncey Lane of Chestnut, Mrs. Howeth of Orange street, Mrs. Perce Curtis of Maryland avenue, and Mrs. G. D. Roach of Orange street.

Dahlias were lavishly used in the decoration of the Ayars home and the table, which was spread with a handsome luncheon set, was centered with pink dahlias of an especially beautiful shade. A railroad train was the pictured decoration of the place cards, dinner favors being tiny suit cases, trunks and hat boxes. An exceedingly pleasant afternoon was spent by the ladies with knitting and other hand work, and conversation, and each guest presented to Mrs. Puffer a train letter to be read en route.

**RED CROSS CLOSED**

Acting Vice-Chairman Olin Spencer announces that the work room of the Glendale Red Cross Chapter will be closed until further notice in obedience to the order of Health Officer Chase; but that the business office of the Chapter, of which he is in charge, will be open as usual.

**CORPS INSPECTION**

**MRS. IDA GRIBLING OF WHITTIER IS GUEST OF LOCAL ORGANIZATION**

Friday, October 11, was an important day in the history of N. P. Banks Relief Corps, as it marked the annual inspection of the corps and the visit of Mrs. Ida Gribling of Whittier, Department Instructor of the Woman's Relief Corps.

At noon, Mrs. Louise Purnell, president of the local Corps, was hostess at a luncheon at the Jewel City Cafe, at which Mrs. Gribling was guest of honor. Mrs. Grace Willard of Los Angeles, Department president, and Mrs. Ida V. Herendeen of Los Angeles, Department secretary, were also special guests. Others for whom covers were laid were Mrs. S. A. Pollock, local secretary; Mrs. Priscilla Houdyshel, local treasurer, and Mrs. Mabel Evans Craig.

The luncheon was a very happy affair and was served in a private room, the table centered with a bowl of beautiful pink roses.

There was a large attendance at the G. A. R. hall in the afternoon and the work moved along very smoothly and harmoniously. Being a patriotic organization, the Corps served punch and wafers in place of the customary luncheon. Mrs. Gribling was presented with a handsome hand-painted plate by the Corps in appreciation of her services.

**TOWN CRIER**

**CLARENCE SMITH WRITES OF CURIOUS CUSTOMS IN FRENCH VILLAGES**

Friends of Sergeant Clarence H. Smith, son of Mr. and Mrs. H. P. Smith, former residents of Glendale, will be interested in the following letter from him recently received by his parents. Sergeant Smith attended school in Glendale and has a large circle of friends and relatives here. He is a mining engineer and was at Ludwig, Nevada, when he enlisted last December, and has been in France since July.

American Ex. Forces, August 24, 1918.

Dear Mother

Well, here I am. Where, I can not tell you, but have had quite a trip since I last wrote you. I had never expected to see so much of France in so short a time, but surely can not complain on that account. The country that we are in at present is higher and makes me feel more at home than before.

The little village that we are billeted in is a rather old one as nearly all of them are, with the usual church and town clock, except that this one is a little more elaborate and gives us a musical tune several times a day. I have not been inside of the church yet but think that I will have a look tomorrow, as it is Sunday.

They still have the ancient custom of a "Town Crier" who gives the people the news and reads the newspaper to the inhabitants from the street at about 6 a. m. The Crier in this case happens to be a woman and to us it is a comical sight to see the village people come out to hear the newspaper read.

The village people are very kind and accommodating and seem to take well to the American troops. I never realized before how easy it would be to create a sign language, as, that, with a word or two of French thrown in, is the principal means of making one's wants known.

We are close enough to the mountains so that we have excellent spring water piped into town. It is the best water that I have tasted since I left the hills last fall.

I know that you are wondering why I do not answer your questions, but this time I have an excellent excuse for I have received only the first batch of letters (four) that came some time ago.

At one town I was in recently there was a Red Cross station and they were making fresh doughnuts and were serving them with hot chocolate. Maybe they didn't taste good to me.

I think that I wrote you some time ago that Sgt. Peale was very sick in one of the hospitals. We received word a short time later that he had passed away. It was quite a shock to all of us as he was one of the best liked men in the regiment. It seemed hard to realize that he was not to be with us any more, and to think that he had to give up in that manner after preparing for active service for so long, and then not get to see any of it. It would not have seemed so bad if it had occurred in action.

When you write again let me know the organizations that Owen and Dana belong to as I have mislaid their former addresses. I want to keep them in mind when we come in contact with other outfits and make inquiry about them. I doubt very much that I will see them up in this section for some time yet for I presume that they will go into a training camp for a time after their arrival overseas.

In regard to knitted wear, I am well supplied with a sweater, helmet, wristlets and socks, so do not worry because I have not enough. Unless we get mail more frequently than we have in the past, I doubt very much if such things would ever reach me.

I am as well and have as hearty an appetite as ever and can sleep any old place and am getting plenty to eat and smoke. They try to tell me that I am getting fat, but I will not say so until I can step onto the scales and see for myself. I haven't decided yet whether it is due to the shrinking of the woolen clothes or whether I am really putting on weight. At any rate I frequently have use for the needle and thread that you were so thoughtful to give me.

I hope that you and Dad are both well and that you are not overdoing the Red Cross work. There is going to be a warm spot in the hearts of many of the boys for the mothers and other Red Cross workers who are plying so many needles and cutting and winding the thousands of bandages that are being sent over for the wounded and sick in the hospitals.

With lots of love from  
Your loving son,  
CLARENCE H. SMITH.

**150 LOST IN TRANSPORT SINKING**

**AMERICAN SOLDIERS DIE WHEN OTRANTO IS RAMMED BY ANOTHER VESSEL OFF THE SCOTTISH COAST**

(Special Service to Glendale Evening News)

LONDON, October 12.—One hundred and fifty was the most conservative estimate made today of the total number lost in the sinking of the American transport Otranto off the Scottish coast on Thursday.

Capt. S. S. Naimar of the Army Medical Corps arrived in London today with 250 survivors. He said a British destroyer had rescued 317 soldiers and 150 members of the crew. Below decks, Capt. Naimar said, were 106, all of whom he believed were lost.

Describing the collision, Capt. Naimar said when the British destroyer Mounslley reached the scene an hour and a half after the collision the men were lined up upon the deck of the transport and at an order from their commander all jumped overboard. Dramatic scenes followed. The destroyer eight times at great risk drew alongside the transport to pick up the survivors.

Miss Jane Ryder of Arizona, a Red Cross nurse who was aboard a vessel in the same convoy, said the storms was so heavy that the vessel she was on was unable to reach the Otranto. Lieut. Commander Graves of the Mounslley was highly praised.

The British Admiralty statement last night estimated the missing at 431, later estimates gave 300, and the figure is now placed in conservative quarters at 150.

**ALLIES ADVANCE ON ALL FRONTS**

**FRENCH ENTER VOUIERES—GERMANS RETREAT NORTH-EAST OF RHEIMS—BRITISH SURROUND DOUAI**

LONDON, October 12.—The French on the western edge of the Argonne forest this morning entered the German base, Vouziers. They now hold the general line of the Repourne river.

Northeast of Rheims the Germans yesterday started a retreat on a 37-mile front and the French cavalry are hotly pursuing, advancing a maximum of six miles up to last night and three miles additional today. The French line by this retreat now extends from the Suipe river to the Arnes river.

Further east, the French are showing the Germans back slowly on a sixty-mile front.

The British are practically surrounding Douai and on the west are only a mile from the city.

Great numbers of towns have been occupied by the French and the British on the various fronts in the last 24 hours. Among the occupied towns are Bertricourt, Bazancourt, Aussonce, Laneuville, Cauroy and on the British front Suincy, Brebieres and Hamel.

On the Chemin des Dames front the Franco-Italians continue their rapid advance, occupying numbers of other villages, and are speedily taking possession of the entire Chemin region.

The American engagement is stubbornly battling with German reinforcements along the Aire river at Grandpre and St. Juvin. The Germans are launching heavy counter attacks.

**GERMANY REPLIES TO WILSON**

**ANSWER TO PRESIDENT'S INQUIRIES HANDED TO SWISS MINISTER THIS MORNING IS THE REPORT**

(Special Service to Glendale Evening News)

BASLE, Switzerland, October 12.—The German National Zeitung announced today that the German reply to President Wilson's note of inquiry had been handed to the Swiss minister at Berlin this morning.

AMSTERDAM, October 12.—Some German newspapers say that Germany's reply to President Wilson's inquiries accedes to his conditions, while others say it only partially complies with them.

**AIRPLANES BOMB LOS ANGELES**

**ONE HUNDRED FIFTEEN MACHINES FROM ROCKWELL FIELD BOOST LIBERTY LOAN IN ANGEL CITY**

(Special Service to Glendale Evening News)

LOS ANGELES, October 12.—One hundred fifteen airplanes, the largest number that ever flew over an American city, visited Los Angeles at 11:30 this morning. Coming from Rockwell Field, they passed over Los Angeles in ten squadrons of ten planes each, headed by their commanding officers and brought up by special flyers. Bombs were dropped over the city containing leaflets boosting the Liberty Loan. Previous to today's flight, the largest number of planes that ever visited an American city was sixty-eight, that flew over New York recently.

**THE INFLUENZA SITUATION**

**STATE BOARD OF HEALTH HAS RECEIVED REPORTS OF FOUR THOUSAND CASES IN CALIFORNIA**

(Special Service to Glendale Evening News)

SACRAMENTO, October 12.—Reports to the State Board of Health today showed that the Spanish influenza in this country has now reached a total of 4000 cases. One thousand, seven hundred and seventy-six cases were reported Friday, including 600 from Long Beach. Fresno reported 72 this morning and Stanford University, 150. No new report had been received from Los Angeles up to noon today.

**\$242,000 BONDS**

**GLENDALE IS ENTITLED TO HONOR FLAG IN FOURTH LIBERTY LOAN DRIVE**

Glendale can take courage. She is not disgraced in the great drive for the Fourth Liberty Loan, though the end is not yet and she can by no means relax her efforts to carry on.

Chairman Vesper reports that subscriptions up to last night totalled \$242,000, with more in sight. About eighty persons who subscribed previously have not been heard from and it is altogether probable the list will be largely increased. As Glendale's quota was \$198,000, it will be seen that she has gone over the top with \$44,000 to her credit. John Robert White, Secretary of the men's committee, reports that Glendale proper, the Tropic District and Casa Verdugo have all exceeded their quotas and are entitled to honor flags, which he expects to receive in the near future. Glendale more than doubled her quota in the Third Liberty Loan with a subscription of \$275,000, and captains are hoping she will buy as many this time.

No small amount of credit is due Miss Eva Daniels, Secretary of the Woman's Committee, and John Robert White, Secretary of the Men's Committee. Mr. White declares the brunt of the clerical responsibility of recording and giving proper credits for all subscriptions has fallen upon Miss Daniels, who is at headquarters every day and all day, and who is freely giving her service, without compensation.

**VACATION ACTIVITIES**

When interviewed as to what he intended to do with his unexpected vacation, Professor Harry Howe acknowledged that he didn't exactly know, "it was so sudden," but thought in all probability he would be able to put in reasonably strenuous days bringing up clerical work at the office of the High School which he had been striving to "get to" for some time. He said he would not attempt to go to his ranch at Coachella Valley. In that connection, he said the date harvest is now on there and that the fruit is simply splendid. One he quoted, who is realizing \$400 from a few trees which he irrigates in a primitive way with windmill power, says he asks nothing better of fortune than to possess one acre of bearing date palms. According to Prof. Howe, a date plantation is a sort of entailed estate for future generations. It never wears out, but is more productive than ever when it is 500 to 1000 years old, in spite of the fact that it begins bearing at five years. Such a property would certainly encourage longevity and it is a noticeable fact that Prof. Howe is getting younger every day. He is probably doing it with intent that he may the longer enjoy the returns from his orchard.

He reports Coachella Valley dates are now on sale at Roberts and Echols' drug store in this city, where the public can inspect them and learn how splendid they are. Frank Echols has a plantation in the valley but it is not yet in bearing. He is an enthusiast, however, about dates in California, as the only other place in the world where they are raised in merchantable quantities is in Africa and the best of those are absorbed by the London and Paris markets and Americans never see them.

**CAPTAIN VINCENT BURTON WEDS IN CHINA**

Friends of Vincent Burton, a former resident of this city and graduate of Union High in the class of 1909, have just received the announcement of his wedding. It took place at Tangku, China, August 29. The groom, who enlisted in the U. S. Regular Army in 1913, is now a Captain in the Fifteenth Infantry and has been in China for a year. He met his bride, Miss Olga Morton, there. Her father is captain of a deep-sea vessel. Captain Burton's father was pastor of the First Methodist Church of Glendale for several years.

**SMALL GATHERINGS CALLED OFF**

Mrs. H. E. Bartlett, curator of the Literary Section of the Tuesday Afternoon Club, which has been meeting at her home, announces that because of the embargo laid upon all public meetings on account of Spanish influenza, the section will not meet with her next Tuesday, as provided in the club program.

A similar announcement and for a similar reason is made by Mrs. Charles Toll, who wishes all members of the Mutual Reading Circle to be advised that the meeting at her home scheduled for the coming week has been postponed in obedience to the order of Health Officer Chase.

**REV. SNUDDEN CALLED**

**LEFT FOR NEW YORK FRIDAY AND WILL SOON BE EN ROUTE FOR "OVER THERE"**

Rev. B. Dudley Snudden received his call to service by the Y. M. C. A. while he was attending conference. He returned to Glendale and spent busy days of final preparations for the journey and left here Friday morning for New York City, where he will put in a week of intensive training and be ready to go overseas whenever he is sent.

Mrs. Snudden's mother is with her and helping to pack their household effects, which will be shipped away in a few days. Mrs. Snudden will then visit at her mother's home in Yorba Linda for a time until she can determine just what she wishes to do during his absence. She is glad to have him go because his heart was in the call and she believes it will be a broadening experience for him aside for the good he can do over there. The great hardship of the separation falls upon her, but she accepts it cheerfully as her bit in the great cause.

**MIRACULOUS PRESERVATION**

Letters which Mrs. Irving Oliver of Acacia street have received from her brother, Lieutenant Doctor John D. Little, advise her that following his strenuous work at the battle of Chateau-Thierry, where he never had his clothes off for two weeks and where he was in the first line of doctors who received the wounded, he was given a commission as Captain and sent to a hospital just outside of Paris for laboratory work. He has been in the front line trenches for a little more than a year and wonders that he is alive, as his Colonel and two other officers were killed right beside him. He was a doctor in Bellevue Hospital, New York, when he enlisted, and has been in France about fourteen months.

**PATRIOTIC MOTHER**

Mr. and Mrs. James Mullen of Harvard street entertained at dinner Thursday evening, Mrs. Lebrecht of Los Angeles and her son Frank, who goes into army service today. He is the fourth son she has given to the great war. One of her sons, who is on an oil tanker, on his last voyage fired the shot which sent a submarine to the bottom. He has made four trips since April. Frank was a student under Mrs. Mullen at Lincoln High. She is receiving letters from other students in service, one of whom is in the camouflage service and has written her of capturing a powerful Mercedes auto which the Germans left in their mad flight and which he thinks is an evidence of how far their warlike spirit has deteriorated.

**MISS LINDSAY'S ENTERTAINMENT**

The entertainment which was announced to be given by the pupils of Miss Edith Lindsay at the K. of P. hall this afternoon, has been postponed until the first Friday afternoon after the health officer has announced that public meetings may be held.

**DEBATING LEAGUE**

**PROSPECTS GOOD FOR STRONG ORGANIZATION IN THE SOUTHWEST**

Big plans which had been made for building up the Southwestern Debating League, of which Union High has been a member, are upset somewhat by the embargo on public meetings. The situation as explained by Prof. W. D. Root is this: Word was recently received that the State League had been discontinued. Thereupon, Hollywood and some other large schools which had not been members of the Southwest League announced their desire to come into it and a meeting to be held in the U. S. C. Law Building, Los Angeles, was called for this (Saturday) afternoon, to reorganize the League, of which Frank Balthis of Glendale is president. Invitations were sent to Hollywood, Manual Arts, Monrovia, Citrus High, and all the other schools of Southern California likely to be interested, to attend, and there was every prospect that a strong League would be developed. When the Spanish influenza embargo was announced, Mr. Root and his associates had to get busy with telephones calling up about twenty schools to advise them that the meeting had been postponed. It was a strenuous afternoon for all of them and very disappointing in view of League prospects, but after all it is only a postponement. The League has been in existence seven years and will be stronger than ever with this increased membership.

## FOUR-MINUTE SPEECH ON LIBERTY BONDS

By Albert D. Pearce

Citizens of Glendale: The time has come not only for taking an invoice of our Liberty Bond holdings but also for taking an inventory of our conscience and our patriotism. The Fourth Liberty Loan will fail and the Kaiser will grin if any one of us here tonight neglects to double the amount of his last subscription. The war lord of Germany, cunningly planning his peace move so as to endanger the sale of this bond issue, is smiling sardonically tonight as he thinks that his clever maneuvering has succeeded.

There is a real danger that the loan may fail because some of our people, erringly, believe that peace is near, but the loan must not, it can not fail.

Remember, my friends, that the peace offer comes from hands still dripping with the blood of innocent women and children of Belgium and France; remember that those hands outstretched for a negotiated peace are tonight being used to gag our boys with poisonous gases, to puncture our armies with lead; remember that with cruelty unparalleled those same gory hands are relentlessly crushing out the lives of your brothers, and possibly mine, who may have been captured in battle.

Subscribe to the point of sacrifice, people of Glendale, to the end that our President and our allies and our gallant armies may never need to suffer the humiliation of a negotiated peace. Subscribe to sacrifice and subscribe to sacrifice again and again—only by so doing can you and I keep faith with our honored soldier dead. The Crusaders of old were battling for an ideal, willingly laying down their precious lives that you and I and their descendants and ours might forever be safe from another such an onslaught of the Vandal. Negotiated peace—what does it mean? Knowing as we do that our country entered this war to fight for an ideal, shall we now, by failing to do our full duty in this drive, compel our leaders to abandon our exalted position and to lower our standard to the status of a figuring and bargaining peace.

Centuries ago the Man of Galilee lived, taught and finally gave up his earthly life as a sacrifice to the same ideals that now urge on our fighting forces, struggling in terrible conflict. Did that humble and noble Son of a Carpenter consider a negotiated peace with the powerful military huns of those days? St. Paul suffered the tortures of hell, but his ideals urged him to choose death in its most terrifying form rather than to negotiate or arbitrate with the ancestral Hun. Scan the pages of history, search out with the torch of learning the names and records of the most enduring men and of the world's greatest institutions, and nowhere will you find one thoroughly great man or one eternally great institution or any figures of a beneficent people or nation who ever willingly compromised an ideal.

Tonight we must remember that our soldiers more than those of any other nation at war, represent in its best form the spirit of those individuals and those institutions and those peoples who in ages past have lived true to their faith. Remember that we are at war not with a desire for territory, or for commerce or for trade, or for the trumpet of military life, but that the maintenance of an ideal caused our nation to enter this conflict.

Our President knows what that ideal is; General Pershing and our gallant fighting men believe in it, our allies and even our enemy, in fact, all the world knows for what we are fighting. Across the fields of Flanders those brave boys who have already fought and bled and died, send us a final appeal tonight, a final message urging our utmost co-operation in making this loan a success. From the graves of those who have made the supreme sacrifice comes a voice that says:

"Take up our quarrel with the foe.  
 To you from failing hands we throw  
 The Torch; be yours to bear it high.  
 If ye break faith with us who die,  
 We shall not sleep, though poppies blow,  
 In Flanders' fields."

## TOO MANY HOLIDAYS NOT BEST

Too many holidays during war time hinder in carrying out the regular war programs in the various lines of business. Money is needed to carry on the war and that money comes as a result of the labor of the world. Labor not employed can not produce. Therefore, in so far as possible keep all labor employed. Every holiday causes a degree of disadjustment which affects business. The business of a nation is its stock in trade, and when business is interfered with, everything goes wrong to the extent of the interference.

## AUSTRIAN AND HUNGARIAN PREMIERS RESIGN

(Special Service to Glendale Evening News)  
 COPENHAGEN, October 12.—Vienna dispatches today state that both Baron Huserak, Austrian Premier, and Hungarian Premier Weckerle had resigned.

At least one-third of the peaches in the Pomona territory have been purchased by the government, many being shipped overseas. It took 1200 tons of peaches to fill this quantity of cans as although the peach crop was fifty per cent greater it was not nearly so high in quality.

## SOME LIBERTY LOAN SLOGANS.

Wear your old clothes and buy Liberty Bonds.  
 Liberty Bonds or German bondage.  
 "Come across" or the Kaiser will.  
 The soldier gives; you must lend.  
 Liberty Bonds or German taxes.  
 Buy over here to win over there.  
 It's billions for defense or billions for indemnity.  
 For Foch and freedom; buy bonds.  
 A bond slacker is the Kaiser's backer.  
 A man who won't lend is the Kaiser's friend.

## MEN BETWEEN AGES OF 46 AND 56 ELIGIBLE FOR AIR SERVICE

Men between the ages of 46 and 56 are eligible for enlistment in the Army Air Service, it was announced recently by the Military Bureau at the University of California. All men accepted must have passed the physical examinations. The Air Service is also open for the induction of a limited number of men between the ages of 18 and 45. Applicants capable of either general or limited military service, and from any class in the draft other than Class 5 are eligible. No Class 1 men registered previous to September 15 classified for general services will be accepted, however.

Men between the ages of 46 and 56 should apply at the Military Bureau, University of California, to Lieutenant Johnson, Examining Officer, Santa Fe building, San Francisco, or Air Service offices elsewhere in the state. They will be physically examined at the nearest military post which has the authority of enlistment and, if they pass the examination, will be sent to the Air Service Mechanics' School at Kelly Field, Texas. Mechanics, repairmen, machinists, and others qualified in similar work are needed. Photographers are in great demand.

## NEW BRIDGES IN CALIFORNIA

Two of the finest concrete bridges of California's famed highway system will be completed in Sacramento county and opened for traffic with a New Year's Day celebration. One is over the Sacramento river between Sacramento and Solano counties, at Rio Vista; the other over the American river at Folsom, about two miles from the state penitentiary.

The Folsom bridge is the third largest structure of the the concrete type in California. The bridge is 540 feet in length, the main span having a stretch of 209 feet. The arch is 30 feet high and is anchored at each end in bedrock.

The Rio Vista bridge is of three sections. From the Sacramento side it runs 1400 feet over a pile trestle to Wood, thence by three 120 foot concrete spans to a 340 foot steel "jack-knife" section over the ship channel and a 70 foot concrete span to the Solano shore. This bridge is of the "rainbow arch" type.

## LETTER FROM GERMANY

### Crown Prince Writes Papa

On the Run, Somewhere in France, "All the Time."—Dear Papa I am writing on der run, as der brave and glorious soldiers under my command have not seen der Rhine for so long dat dey have started back dat vay, and of course I am going mit dem. Oh, papa, dere has been some offel dings happened here in France. First, I started in my big offensive which was to crush de fool Americans, but dey know so little about military tactics dat dey will not be crushed just like I vant 'em. I sent my men in der fight in big vaves, and ven dey got to de Americans they all said "Boo!" as loud as they could holler. Vell, according to vat you have always told me, de Americans have turned and run like blazes. But vat do you tink? Dem fool Americans don't know anything about war, and instead of running de odder way, dey came right toward us. Some of them was singing "Ve Won't Come Back Till Dis Is Over, Over Dere," or some odder foolish song, and some of dem were laughing like dam fools. Dey are so ignorant. But dey are offel reckless mit der guns, and ven dey come toward us it was dat my men took a notion dey wanted to go back to de dear old Rhine. Ve don't like de little dirty Marne river, anyhow. And, oh, pap, dem Americans use such offel language. Dey know nothings of kultur, and say such offel dings right before us. And dey talk blasphemy, too. Vat you tink dey said right in front of my face? One big husky from a place called Missouri, he said—oh, papa, I hate to tell you vat an offel ting he said—but I can't help it, he said, "To hell mit der kaiser." Did you ever hear anything so offel. I didn't tink anybody would say such an offel ting. He made me so mad I wouldn't stand and hear such an offel ting so I turned around and run mit de odder boys. Vas I right? Vat? And, oh, papa, you know dem breastplates vot you sent us—can you send some to put on our backs? You know we are going de odder vay, now, and breastplates are no good, for the cowardly Americans are shooting us right in der back. Some of the boys took off der breastplates and put 'em behind, but de fool Americans are playing "De Star-Spangled Banner" mit machine guns on dem plates. Can't you help us? You remember in your speech you said nothing could stand before the brave German soldiers? Oh, papa, I don't believe these ignorant Americans ever read your speech, for dey run after us just like ve was a lot of rabbits. Vot you tink of dot? Can't you send dem some of your speeches right away? Dey don't know how terrible ve are. Can't you move my army back to Belgium vere ve von all our glory? My men can vip all the vimmen and children they can bring us. But dese Americans are so rough and ignorant. We can't make 'em understand that we are the greatest soldiers on earth, and ven ve try to sing "Deutschland Ueber Alles" dey laugh like a lot of monkeys. But we are getting de best of de Americans. We can outrun dem, Papa, if ve are not the best fighters on earth ve are de best runners. Nobody can keep up mit us when ve tink of de dear old Rhine, and my army never did tink so much of dot dear old river. Let me know right away vot to do by return post-office.

July 20 times.

CROWN PRINCE WILLIE.

## THE WOUNDED SOLDIER'S LAST DEFENSE

"The Red Cross is the wounded soldier's last defense. . . . It is greater than cannon, greater than hate, greater than blood-lust, greater than vengeance. It triumphs over wrath as good triumphs over evil. Direct descendant of the Cross of the Christian faith, it carries on to every battlefield the words of the Man of Peace 'Blessed are the merciful, for they shall obtain mercy.'"  
 "The only leaven in this black picture of war as I have seen it, as it has touched me, has been the scarlet of the Red Cross. To a faith that the terrible scenes at the front had almost destroyed, came every, now and then again the flash of the emblem of mercy. Hope, then, was not dead. There were hands to soothe and labor, as well as hands to kill. There was still brotherly love in the world. There was a courage that was not of hate. There was a patience that was not a lying in wait. There was a flag that was not of one nation, but of all the world; a flag that needed no recruiting station, for the ranks it led were always full to overflowing; a flag that stood between the wounded soldier and death; that knew no defeat but surrender to the will of the God of Battles."  
 MARY ROBERTS RINEHART in "Kings, Queens and Pawns."

Mrs. Sidney Dell of 928 North Louise street, who has been quite ill, is rapidly recuperating.

Harry W. Chase, who has been seriously ill of apparently the most modern malady in existence, is now on the safe road to recovery.

All reports concerning the condition of Harry Duffield of Lomita avenue are favorable, and his friends say he will be brought home from the hospital Sunday.

Miss Mary Imbusch of Riverside is the guest of Rev. and Mrs. Mottern and of Mrs. George Daugherty of this city. Miss Imbusch is a former parishioner of Mr. Mottern.

The City W. C. T. U. was entertained Friday afternoon by Mrs. Mottern at the Lutheran parsonage, and spent the afternoon in work upon garments for Belgian relief.

Owing to the request of Health Officer Chase that no public meetings be held, the regular meeting of Carnation Rebekah Lodge which was to have taken place next Tuesday evening, has been postponed.

Professor William Darwin Root says the vacation granted him from school work on account of influenza will be profitably improved on his two-acre ranch, where there is always much to be done at this season.

Mr. and Mrs. Austin Cutler of La Porte, Indiana, are guests of their aunt, Mrs. Lina Cutler, at 220 North Louise. Another relative of hers and theirs, Hugh Given of Elgin, Illinois, was entertained by Mrs. Cutler Friday.

Miss Doris Ingledue who, with her brother Elwood, is a student at Occidental College, is recuperating from an attack of Spanish "flu." She reports quite an epidemic at Occidental, where about fifty cases have been reported.

Mrs. M. E. Neil of 127 South Kenwood has just returned from a business trip to Long Beach and reports houses at a premium there. Also that her son-in-law, Peter Oliver, has recently purchased an acre tract of land on East 14th street, Long Beach. She says Glendale is good enough for her.

W. D. Root announces that in the near future active campaign work will be inaugurated locally to educate voters in regard to the constitutional amendments to be voted upon this fall with regard to the sale of liquor, that they may be fully informed in regard to No. 22, the bone-dry amendment.

John Marquardt, the eminent violinist, who is residing in our city, has decided to create a few violinists in Glendale. His class has already started. There is no doubt but that students will welcome this news. Mr. Marquardt has been the leading violinist of the great Eastern orchestras and his fame is international.

Rev. Mottern, pastor of the Lutheran Church, and Mrs. Mottern have undertaken to gather the walnuts in the orchard of a friend who has found difficulty in getting help. They put in a part of each day at the work and like their job very much, and consider it patriotic work in view of the necessity for conservation along all lines.

The Glendale Wednesday Club met last week at the home of Mrs. Gibson on Windsor road for Belgian Relief work which they have been doing for some time. They have accomplished an astonishing amount of sewing in the manufacture of children's garments and also contributed a good deal to the Harvest Festival Benefit for the Red Cross.

Glendale is to be represented at the Grand Lodge Convention of the O. E. S. which will be held at Santa Cruz next week from Tuesday to Friday. Miss Della Echols, Matron of the Glen Eyrre Chapter, will go as a delegate, leaving Monday evening. Mrs. Dan Campbell will go as a member of the Grand Lodge and will leave Monday morning. Following the convention, she will visit her sister in San Francisco.

Mrs. James Mullen of Harvard street, who is a teacher in the Los Angeles public schools, is planning to spend a portion of her vacation in making a long-deferred trip to Riverside. She says the respite from school work would be more welcome to teachers had it come later in the term, and the prospect is that the time will have to be made up out of the Christmas holidays, which will make a long fall term and a short mid-winter vacation.

Letters received by friends of the Moniot boys have brought news that Sergt. Al Moniot, who has been at Fortress Monroe for some little time is enjoying a furlough visiting relatives in Pennsylvania. Bugler Ed Moniot is at Camp Eustace, where he has been stationed for the past three months. His cousin, Clara Moniot, who is a telephone operator in Paris, is recuperating from an elevator accident in which her arm was injured, but not seriously.

**Bond of Fate**

A speaker recently said:

"Insurance is the one enterprise which makes a direct drive at the one great evil that hangs over mankind like a black snow in the heavens—the dread of poverty, not only of himself but of those that are left behind him when his lips are closed with dust.

"You would think a life insurance contract would be salable over the counter, but there is a most persistent superstition in each of us that all men are mortal but ourselves.

"So the insurance man has to go out and take a man by both ears, jam his head against the wall and throw him on the office floor and sit on him, in order to enable him to do what each man in his heart wants to do—to take a bond of fate."

**W. B. Kirk**  
 Agent "Bonds of Fate"

If you have not the Spanish influenza, what have you?

Mr. and Mrs. E. Z. Barnett have been very agreeably surprised by a visit from their daughter, Miss Zoe Barnett, an opera singer of New York, who arrived at their home quite unexpectedly yesterday. She will probably be here five or six months unless she is summoned sooner to return to the Atlantic coast. She has had a very serious attack of Spanish influenza and came home to recuperate.

High School teachers had a conference yesterday to see if an opportunity could not be secured for work in orchards or fields during their enforced vacation. The Hinckley-Beach Packing Company was consulted and other employers, all of whom refused to consider taking on workers for so short a period. It was a great disappointment to the teachers, who would like to help out in the labor shortage if possible, and also would enjoy a week in the open.

Eugene Imler, who left following his graduation at Throop College of Technology for Camp Alfred Vail, N. J., where he is continuing his training in radio transmission, writes to his mother, Mrs. D. H. Imler of Palm Villa, that he has received his equipment and that he is already hard at work. He is only eighteen miles from the scene of the DuPont Powder Works explosion and says at that distance the repeated explosions sounded like a furious and long-continued bombardment. The town of Morgan, he says, was completely wiped off the map. Two of the California boys who went east with him are in the hospital with the "flu," Eugene writes.

**FLOWERS HEADQUARTERS**

MONTAVILLE FLOWERS, THE REPUBLICAN NOMINEE for Congress from the 9th Congressional District, has opened up headquarters in Los Angeles at the Angelus Hotel, corner 4th and Spring Streets, with former Assemblyman R. P. Benton in charge. Mr. Flowers will be pleased to meet the voters of the District, both City and County, in formal discussions of campaign issues.

**READ FOUR-MINUTE SPEECH**

Owing to the fact that the Palace Grand Theatre is closed I request the people of Glendale to read the speech in the editorial column of this issue that would have been made tonight by Albert D. Pearce representing the United States government as a four-minute man.

FREDERICK BAKER, Community Chairman Four-Minute Men's Organization.

Insure your property against Fire at the old rate and buy Liberty Bonds with the money you will have left. H. L. Miller Co., 109 Brand Blvd. 35130

**ALLIED WAR ACTIVITIES DRIVE**

Mrs. Charles Toll who, together with Mrs. Mattison B. Jones, attended the eight o'clock breakfast at the Alexandria Friday morning for Mrs. Henry Davison, head of the allied war activities drive, reports that about thirty guests gathered around a very beautifully appointed table decorated with autumn leaves and fruit, among which the national colors were intertwined. Though not a simple breakfast, it was a Hooverized meal in that foods needed by the government for export were not used. It began with servings of the most splendid strawberries California can produce, and was followed by fried chicken, creamed potatoes, coffee and various accessories, all of which were delicious.

Mrs. Davison spoke delightfully but briefly, emphasizing the idea of unity in the work. She explained that the original intent had been to send three delegates on this tour, one of whom would represent the Jewish Council, the other the Catholic organization, but because of the necessity for conservation in transportation because of war demands upon the railroads, it was decided to send but one and that one the general head of the organization. That public sentiment seemed to sustain the decision, she said, was shown by the remark made to her by a Jewish Rabbi in Dallas, who said it seemed to him altogether proper that but one should come because that showed the unification of the workers.

**FAIL IN WATERMELONS**

An auto accident on San Fernando road near Cypress avenue brought joy to the small boys and some of larger growth yesterday afternoon. A Moreland truck driven by a Japanese who answers to the name of Yamato ran into an auto with a trailer attached which was loaded with watermelons and which was driven by a Mr. Haney. No one was hurt, but the thoroughfare after the load had been split was said to resemble a German trench after a charge by Pershing's Crusaders. There was plenty of watermelon for everybody, and as it was a hot day when watermelon is most grateful to the human palate, some people said it was a put-up job.

**EXCELLENT MEDIUM FOR INFORMATION**

While churches, theatres and schools are closed, the Evening News will serve as an excellent medium for the giving out of local information. The four-minute speech which Albert D. Pearce was booked to give at the Palace Grand appears in another column of this issue of the Evening News. Now is an appropriate time to suggest to your neighbor that he should subscribe for the local daily paper, if he is not already a subscriber. However, remind him that the subscription is payable in advance—\$1.00 for three months, \$2.00 for six months, or \$4.00 for one year.

**HOLY FAMILY CATHOLIC CHURCH**

There will be no Sunday School or public services tomorrow in accordance with the order of the Health Officer. There will be private baptism at 2 o'clock.  
 REV. JAMES S. O'NEILL,  
 Pastor.

**PRESBYTERIAN CHURCH**

In compliance with the order of the Health Department, all services at this church will be set aside till further notice.

The pastor requests that as far as possible all families take up the study of the Sabbath School lesson in their homes, and especially offer prayer for our country, all our enlisted men and women, and those of our allies. It is further requested that everyone enter into the spirit of the day, thus making it all that God would have it to be. "Remember the Sabbath day to keep it holy."

**GLENDALE ENGLISH LUTHERAN CHURCH**

Rev. R. Warren Mottern, Pastor.

I regret to announce to all the members and friends and Sunday School and C. E. members that on account of the epidemic of "influenza" there will be no services of any kind this coming Sunday as directed by the Board of Health. And services will not be resumed until the health authorities lift the embargo. As the pastor, I would recommend that in our homes we observe the Sabbath with the children around us, holding a "school" and "church" in prayer and the reading of the Bible. Also read good papers and books that lift and help. For this will be a "Sabbath well spent, bringing a week of content."

Has any man or woman who has not bought a Liberty Bond got the nerve to drive an automobile for pleasure while our boys are bleeding at the front for us?

**Glendale Laundry**

**YES, HE'D TAKE THE JOB**  
 (By United Press)  
 WITH THE AMERICAN ARMY IN FRANCE, Sept. 13. (By Mail.)—He was a private, and he looked the part. But he hesitated when some war workers who wanted to establish a billet in some ruins offered him and his bunkie \$2 apiece to help sweep out the place. He wasn't busy just then.  
 Finally he followed the example of his bunkie and accepted the job.  
 "If anybody'd offered me money to sweep out a house over in the States, I'd have turned up my nose," he told his friend. "You see, I own a couple of factories over there, and got a pretty good fortune beside that. But over here when you can't write a check and get it cashed, you'd do most anything for a couple of dollars for it's about the end of the month, and you haven't drawn your \$30 per for two months. War sure makes a fellow democratic."

**THEY'RE FINDING OUT**  
 (By United Press)  
 WITH THE AMERICAN ARMY IN FRANCE, Sept. 19. (By Mail.)—The Germans are annoyed by the frequency with which they run into the Americans along the line. The Germans don't understand it.  
 An American outfit captured a German line officer east of Rheims after his unit with others had been trying to break through for three days. A French intelligence officer asked the German why the boches failed to break through.  
 "The reason for the failure?" said the German. "It is the Americans. We are storm troops, our unit. We have been in attacks on three points along the line in a month. Each time we have run into Americans. I have letters from friends along the line. They have all hit or been hit by Americans, who are everywhere."  
 When asked, the German officer estimated there were 4,000,000 Americans in France.

# The Enemy Is Watching

By NEWTON D. BAKER, *Secretary of War*

The supreme moments of our struggle with Germany have now come.

We have carried our first armies across three thousand miles of ocean and joined the issue of battle with the military power of a nation that has been for forty years preparing its plans and its weapons for its present attempt to dominate the world. We have had to put forth an immense effort and spend a fabulous sum in order to make, in so short a

time, an adequate beginning for our gigantic task.

But it is only our beginning. We must follow it with greater energy and support it with increasing power. Men, munitions, ships and supplies must go to Europe in a larger and larger stream. We must redouble our blows and add constantly to the strength of those blows, if our initial effort is not to be wasted.

## This Means That Our Fourth Liberty Loan Must Be Larger Than Its Predecessors, More Enthusiastically Supported and More Quickly Than Ever Subscribed

The enemy is watching anxiously for the first sign that we are faltering.

Our Government Loans should go "over the top" as eagerly as our soldiers do, in order to carry with them the terror of furious attack. Our dollars must rain upon the enemy as overwhelmingly as our hail of bullets or our storm of shells.

We are fighting for the liberty of the world, for the triumph of our ideals of democracy and self-government over the last great advocate of force upholding injustice. We are buying with our Liberty Loans the security and joy of our people for generations to come. No price could be too high to pay for such a victory—no cost too great for such a purchase.
